

Texas  
Drowning and Near-drowning Maps  
1999

**Drownings and near-drownings in this report have been mapped according to the address of the submersion event. Residents and non-residents of Texas are represented in these maps of submersions that occurred in a lake or pond, river or creek, or swimming pool. The following is a break down of residents and non-residents by location of the submersion event:**

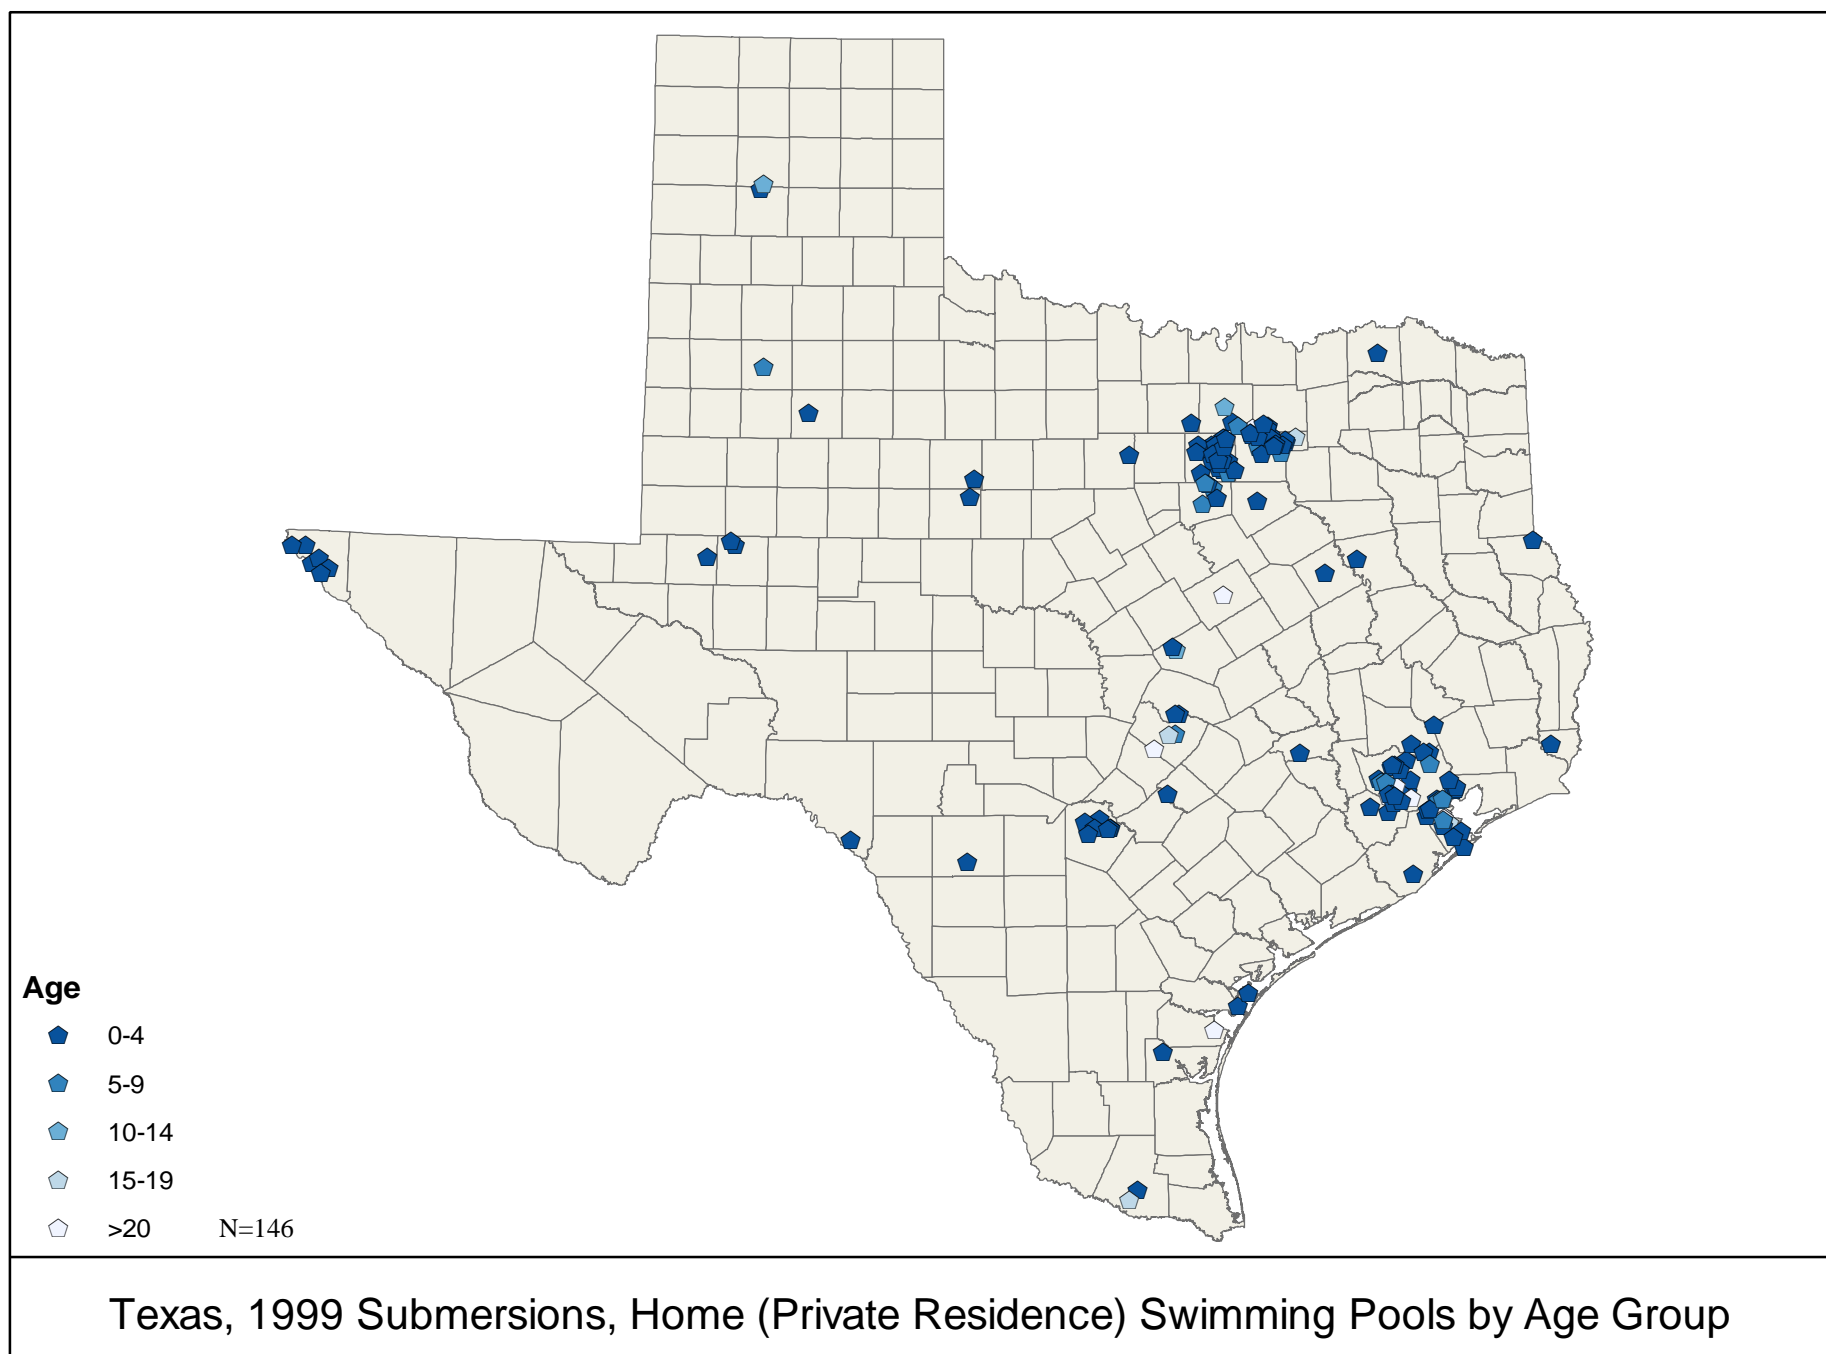

Location	Residents	Non-residents
Lake or Pond	113	3
River or Creek	72	17
Swimming Pool	298	9
